

ZONING AND LAND USE ASSESSMENT

MEETING 6: AGENDA

JUNE 12, 2023

3:30 PM - 5:00 PM

3:30 PM Icebreaker Activity

3:40 PM Definitions Review

Review of the final draft of the definitions. They include a brief definition of each of the terms as well as the considerations that were part of the broader Steering Committee discussions.

3:50 PM Review of Outcomes

Review of outcomes. "Fist to Five" voting on moving ahead first with the outcomes the group has prioritized.

4:10 PM Metrics Review and Discussion

Review metrics that the project team is proposing to be used to conduct the assessment.

Small Group Discussion Questions:

- *Any concerns with these proposed metrics?*
- *What are some other metrics that should be considered?*
- *What are appropriate data sources to use for these other metrics?*

4:30 PM Assessment Approach

Now that we've aligned on outcomes and some metrics, what is the project team's overall approach to the research? First, we'll start with what we've learned from the literature review and practitioner conversations and then discuss how we are framing the research.

4:50 PM Next Steps and Future Phases

Discuss future phases of this work including the role of advisors and outreach. Highlight takeaways and themes that have emerged as part of this work that did not fit within Phase I but are considerations and questions that will carry through to future phases.

5:00 PM Adjourn / Optional Happy Hour
